W. S. Baily, P. O. True, Texas, writes: My wife had been suffering five years with paralysis in her arm, when I was persuaded to use Billard's Snow Liniment, which cured her all right. Better Than a Plaster.

A piece of flannel damped with Chamberlain's Pain Balm and bound on the affected parts, is better than a plaster for a lame back and for pains in the side and chest. Pain Balm has no superior as a liniment for the relief of deep-seated muscular and rheumatic pains. For sale by all Druggists.

R. M. Weston, New Haven, Conn., is registered at the Van Dorn.

A Timely Suggestion.

This is the season of the year when the prudent and careful housewife replenishes her supply of Chamberlain's Pain Balm. It is certain to be needed before the winter is over, and results are much more prompt and satisfactory when it is kept at hand and given as soon as the cold is contracted and before it has become settled in the system. In almost every instance a severe cold may be warded off by taking this remedy freely as soon as the first indication of the cold appears. There is no danger in giving it to children for it contains no harmful substance. It is pleasant to take—both adults and children like it. Buy it and you will get the best. It always cures. For sale by all Druggists.
